Brightstar Logistics

Hampden is a specialist in high security fencing, gates, and automation solutions and an expert in helping deliver tailored high security packages that meet the specific needs of property owners.

Hampden recently helped to deliver a tailored high security installation at Brightstar Logistics in Mt Wellington, Auckland. This tailored package included 358 Anti-Climb Rigid Mesh panels with sharks-tooth spikes for additional deterrence, ArmourFence Palisade fencing with ArmourBarb Razorwire ribbons, Palisade Gates with Gate Automation, and concrete-filled static bollards to restrict the access of vehicles into selected areas on site.
