

## Preventative Maintenance Contracts

Regular maintenance minimises the chance of service disruption and add years to the life of your gate automation.

### Guaranteed Performance, Greater Longevity

With over 48 years in the industry and with the support of market leading products HAMPDEN is well placed to deliver the peace of mind you need as the person responsible for managing and maintaining the automated gates you have on your site.

**By locking in a scheduled service of the equipment early you will:**

- Limit any costly repairs
- Maximise the longevity of your investment
- Ensure the equipment continues to perform reliably

Most importantly by having a scheduled maintenance programme it will take care of a key aspect of your Health and Safety responsibilities.

### Automation Maintenance Professional

You will always have access to a maintenance professional who knows your site and your equipment and who is able to respond when needed.

For under \$400 per service and with a discount on multiple same-site installations HAMPDEN will provide you with the same great service you received with the install.

**Contact us today.**
